The vivid grain symbolizes life. Which has so close relation to our life, so that we can feel that we are quite close to each other. The simple space in oriental philosophy means lightness, balance, pureness and nature. When the elements of nature are added in the field of furniture design, the peaceful internal environment will be built up naturally, also of the warm humanism.

People with intellectuality require the living space to be designed not only lively and active but also graceful and tasteful. Just like an ideal scene of a play, even a word should be deliberately considered or thoroughly rehearsed to strive for perfection on the platform. All the pleasure embedded in the play which is presented to the audience is expressed in a reasonable manner which should be memorable over a long time.
